Seen & Heard Around MURRAY

Several years ago Charles H. Brown, Chairman of the Board of Education, Barton, Durstine and Osborn, Advertising Agency addressed the United States Chamber of Commerce on "The Return of the Square."

He pointed out that in earlier times the word square was a fine word. A person was given a square deal if you were honest, a square meal was a good meal, standing four-square for the right was an honest stand, when you were out of debt, you were square with the world.

Lately the word square changed, he said. The marijuana crew and the hipsters changed it so that a square now means a fool, the guy who volunteers for a job, the nut who still gets choked up when the band plays America the Beautiful, the poor slob who turns in a full day's work for a day's pay, the boob who gets a kick out of trying to do better than anyone else at a given task the fellow who laughs with his belly instead of his upper lip.

The square is burdened down with old fashioned ideas of honesty, loyalty, courage and thrift. He does not like to cut corners, play the angles, and mix with the goof offs.

Mr. Brown blames part of this change on the fact that America started importing ideas, rather than export them.

The U.S. exported the idea of individual liberty, dignity and responsibility. We exported the idea of government by the people, for the people and of the people. We exported the idea of freedom of worship, an unfettered press, the idea that those who are taxed should be represented.

What have we imported that is so harmful, he asks?

Mr. Brown says we have imported the idea from the barmen of Asia Minor that the honest man is either a fool or a liar.

We have imported the idea from our mortal enemy of a strong government for a weak people. The idea of "Let George Do It", or "what's in it for me", and the gesture of the neatly shrugged shoulder.

Most significant he continues, is the importing of the idea that all men are born free, that we should abandon our ancient disciplines as too stark for the poor souls that we are and seek our salvation through group support.

Signmund Freud said if you can't win, what is the use of trying. Here was the first great authority who said "you cannot win."

Mr. Brown continues that the country was discovered, put together and fought for and saved by squares like Nathan Hale, Patrick Henry, Paul Revere, George Washington and Benjamin Franklin.

He points out that stirring quotations like "Give me liberty or give me death"; "I regret that I have but one life to lose for my country"; and "I have not yet begun to fight", are being left out of the modern text books.

(Continued On Page Six)

Weather Report

Western Kentucky — Partly cloudy this afternoon with chance of a few snow flurries, high 36 to 32. Fair tonight and Wednesday. Low tonight 12 to 17.

Kentucky Lake: 7 a.m. 36.5; below dam 34.2.
Barkley Lake: 36.8; no change; tailwater 32.7, up 0.4.
Sunrise 6:37, sunset 5:44.
Moon sets 7:04 p.m.

U.S. Infantry Engages Main Red Force North Of Saigon

By MICHAEL T. MALLOY

SAIGON 21 — U.S. 1st Infantry Division troops searching for an estimated two regiments of Viet Cong just north of Saigon ran into an ambush in dense underbrush strewn with booby traps today and engaged a main Viet Cong force in three, point-blank fighting.

The attack came shortly after the troops uncovered an underground Viet Cong hospital and headquarters. Two slightly-built GI's slithered into the tiny opening leading to the network of underground tunnels and fought it out with Communist guards.

The "Big Red One" force moved out Monday on Operation Mastiff to clear the guerrilla forests of the jungles and rubber plantations about 30 miles north-west of Saigon. Intelligence reports had indicated a sizeable force operating there.

They encountered little opposition until late today when the "main force" engaged fire on elements leading the sweep.

U.S. 1st Cavalry Division armorable forces found battered equipment strewn throughout the area and indications that the Viet Cong carried a number of casualties away. Only 38 bodies were left behind, however, in what once served as a Communist regimental headquarters south of Saigon.

U.S. military spokesmen in Saigon today reported at least 100 Communist killed in three major battles, including the continued sweep near Bong Son.

Only the second division-sized engagement of the war, Operation Mastiff involving U.S. 1st Infantry Division troops, was underway 31 miles north of Saigon, but the "Big Red One" soldiers in two days have been unable to make contact with an estimated two regiments of Viet Cong believed in the region.

Both government and Viet Cong forces suffered heavy losses in the Thien Gio district 100 miles north of Saigon.

A company of Viet Cong attacked a Vietnamese supply column in inflicting heavy casualties on the popular forces platoon guarding the convoy.

The Communists lost 40 known dead and another 100 estimated killed by air strikes in the fighting.

The Viet Cong this morning attacked the Thien Gio district headquarters but were repulsed and lost another 50 dead.

Vietnamese Marines reported killing 50 Viet Cong in a skirmish near Tan Quan, 275 miles northeast of the capital, Thursday. Communist casualties were described as light.

Funeral services for Euclid (Dutch) Burnett, age 50, of Farmington Route Two were held today at one p.m. at the Mt. Helon Methodist Church in Calloway County.

Burnett died Friday in Detroit, Mich.

Survivors are two daughters, Mrs. Reva Gray Moore of Highland Park, Mich., and Miss Gwendolyn Burnett of Detroit, Mich.; two sons, Van Edward Burnett and Henry Wayne Burnett of Farmington Route Two; two sisters, Mrs. Verbal Young of Oadiz and Mrs. Anna Dee Tharr of Michigan; half-sister, Mrs. Effie Skye of Mayfield; two brothers, Joseph Harold Burnett of Hazel Park, Mich., and Van Rudolph Burnett of Farmington Route Two; five grandchildren.

The interment was in the New Liberty Cemetery.

Hat Party Will Be Held By Circle

A hat party will be sponsored by the Blankenship Circle of the South Pleasant Grove Methodist Church on Saturday, February 26, from eight a.m. to four p.m. at the church.

The Hat Box Company of Philadelphia, Pa., has originated a large selection of hats for this sale and the public is invited to come by and see the large selection of hats in the price range of \$9.95 to \$69.95.

Refreshments will be served by members of the circle.

Arthur J. Haack Is Wounded In Action On Viet Nam Front

Pfc. Arthur J. Haack

Private First Class Arthur J. Haack of the United States Marine Corps, has been reported injured in action in the vicinity of Da Nang, Republic of Viet Nam.

The injured Marine is the grandson of Mr. and Mrs. Jewell Sherman of Farmington Route One and the son of Mrs. Art Haack. He is now at the U.S. Naval Hospital in Great Lakes, Ill. for further treatment.

PFC Haack was injured January 24 of this year and is reported to have sustained multiple fragmentation wounds in both arms and both legs from an unknown explosive device while on patrol. This was the second injury Haack had received while serving in Viet Nam.

The first injury was sustained January 8 of this year when he received a superficial gunshot wound in his left arm as the result of sniper fire while on patrol, according to the telegram received by his grandparents.

PFC Haack enlisted in the U.S. MC at the age of 17 in August 1964, and was sent to Viet Nam in May of 1965 where he has received two Purple Heart Medals.

Last Rites For Albert McNeely Today

The funeral for Albert Yates McNeely of the Harris Grove community is being held today at two p.m. at the J. H. Churchill Funeral Home Chapel with Elder Paul Pomeroy and Elder W. E. King officiating.

McNeely, age 96, died Sunday at the West View Nursing Home. He is survived by one daughter, Mrs. Joyce Smotherman of Hazel Route One; three sons, Ted and Arland of Indianapolis, Ind., and Crawford of Lynn Grove; three brothers, Eldred and Dillard of Farmington and Porter of Murray Route One; 12 grandchildren; 21 great grandchildren; two great great grandchildren.

Serving as pallbearers are A. N. Jorton, Vester Paschall, John L. Jones, Basil Hutchins, Owen McNeely, and Milburn Orr. Burial will be in the Murray Cemetery with the J. H. Churchill Funeral Home in charge.

Den One Visits Daily, Paper Yesterday

Visitors at the Ledger and Times yesterday were members of Den One of Oak Park 148.

The Den went through the daily paper to see just how it is published each day.

Mrs. Harford Jones is Den Mother and members are Barry James, Randy Brandon, Keith Wilson, Randy Wilson, Greg Mansfield, Ricky Lovett, Marty Wilson, Steve Meadows. Also accompanying the Den on their tour was Miss Lagena James.

Library Plans Movie Wednesday Afternoon

Special story movies will be shown at the Murray-Calloway County Library Wednesday, February 23, from three to four p.m.

These include "Frog Went A-Courting", "Robin Red Breast", and "Rumpelstiltskin". They will all be in color.

All children of all ages are invited to attend.

Final Rites For Coutinian Are Today

The final rites for William (Junior) Parrish, age 30, are being held today at two p.m. at the Palestine Methodist Church with Rev. C. A. Byrd, Rev. Henry Smith, and Rev. Heyward Roberts officiating.

Parrish died Sunday at 1:45 p.m. at his home on Murray Route Three as the result of a self-inflicted pistol wound, according to James Mason Churchill, deputy coroner of Calloway County, who has reported that an inquest will not be held.

Survivors are his wife, Mrs. Betty Bazzell Parrish, two sons, William Terry, age eight, and Michael Lynn, age five, and his parents, Mr. and Mrs. Will Parrish, all of Murray Route Three; three sisters, Mrs. Paul Morris of Murray Route Three, Mrs. W. A. Cunningham and Mrs. Joe Pat Lee of Murray.

The pallbearers are Mr. Rudolph Tommy Morris, Tommy Board, James Neale, Jerry Roberts, and Thomas Lovett.

Burial will be in the Murray Memorial Gardens with the Max H. Churchill Funeral Home in charge of the arrangements.

Collision Occurs Near College SUB

Another accident was investigated by the Murray Police Department on Monday at 4:12 p.m. in the driveway in front of the Student Union Building at Murray State College.

Robert M. Sparks, of 880 Woodland Avenue, Scottsburg, Ind., driving a 1960 Valiant four door, hit the 1965 Chevrolet two door in the rear, driven by Larry William O'Leary of Route Two, Cardington, Ohio, as he had started out the drive in front of the Student Union Building and had stopped for a car to pass on North 15th Street, according to Patrolman W. H. McDougal of the Murray Police Department.

The police also investigated an accident at the intersection of Sycamore and South 7th Streets at 8:40 a.m. Monday. An account of the collision appeared in the Monday issue of the Ledger & Times.

Other activity reported by the Police was one citation issued for speeding, according to Nuel Kemp, radio operator for the City Hall.

Grade Tourney Will Be Held Tonight

The First Regional Grade School Basketball Tournament will begin tonight and will continue through Saturday.

Lynn Grove and Hickman meet in the opener tonight at 7:00 p.m. with Tullahoma and Fulton City meeting in the night cap at 8:15.

In the first round, in the upper bracket, Central Clinton, Hardin and Bardwell drew byes. In the lower bracket Farmington, Arlington, Douglas drew byes.

Quarter finals will be held on Wednesday and Thursday nights with the semi-finals on Friday and the finals on Saturday night at 7:00 p.m.

Lynn Grove and Douglas are in opposite brackets for the tournament and will represent Calloway County. Douglas, coached by Leon P. Miller, has lost only two games and Lynn Grove, coached by Fred Cudd, has lost three games.

The Regional Tournament will be held at Bardwell. Trophies will go to first, second, third and fourth place winners.

Funeral For Owen Barber To Be Today

Funeral services for Owen Barber will be conducted by Rev. Lloyd Barber and Mrs. Paul Hodges today at 3:30 p.m. at the J. H. Churchill Funeral Home Chapel.

The deceased was 53 years of age and died Sunday at the Murray-Calloway County Hospital after an illness of 12 days. He is survived by his wife, Mrs. Mildred R. Barber, parents, Mr. and Mrs. Fred Barber, and two sons, Fred and Paul Barber, all of Murray. A sister is Mrs. Rodney Moore of Goodyear, Arizona.

H. B. Bailey, Jr., Frank Ryan, Everett Ward Outland, Hilton Hughes, Vernon Stubbsfield, Jr., R. C. Ekins, A. W. Russell, and T. S. Wells will be the active pallbearers. The honorary pallbearers will be Clyde Reed, Rudy Whitlock, Dan Thompson, Murrell Moore, Paul Stroud, Ed Frank Kirk Lloyd Allbritton and Preston Ordway.

Interment will be in the Green Plain Cemetery with the arrangements by the J. H. Churchill Funeral Home.

Improvement Noted In Wreck Victims

Improvement is noted in the condition of several persons who were injured in an automobile collision last Thursday night near the intersection of South 16th Street and Johnson Boulevard.

Mrs. John Shroat is now reported in good condition. She suffered fractured ribs and other injuries. Mrs. Linda Russell is also reported in good condition. She suffered from a laceration on the head.

They were in a car driven by Miss Judith Shroat who received cuts on the head and hand.

In the other car was Larry Watson who suffered from internal injuries. He is reported in satisfactory condition. Ricky Rickman, who had a fractured leg is now reported as satisfactory.

Jesse Shaw who is in a Paducah hospital is reported as satisfactory. Joe Pat Cohoon received a broken arm and he was treated and released.

The Shroat car was rammed from the rear by the Watson car.

TVA Chairman To Speak In Paris

PARIS, Tenn. 21 — The chairman of the Tennessee Valley Authority TVA, Aubrey Wagner, will speak to five Paris civic clubs during a combined meeting tonight.

More than 300 persons are expected to attend.

Wagner will discuss development of the 170,000-acre Land Between the Lakes, a recreational area east of here.

The presidents of the Rotary, Lions, Kiwanis, Civitan and Optimist clubs also will speak briefly.

David Lassiter On Winning Team

David Lassiter, son of Mr. and Mrs. W. D. Lassiter of Hazel, is a member of the basketball team of Buchanan, Tenn. High School.

He was the winner of the district tournament played at Paris, Tenn., Saturday night.

The team will now play in the regional tournament next week.

Kenlake Reopens On February 25

Kenlake State Park at Hardin will re-open Feb. 25 and "will" into the 1966 tourist season. By popular request from many sailing enthusiasts, a symposium on sailing has been scheduled to coincide with the opening date. It is one of 13 "Hobby Holidays" arranged for the spring by Kentucky's Department of Parks.

George O'Day, well-known sailor from Boston, Mass., will conduct lectures and discussions during the three-day symposium.

A small registration fee will cover the full course. Lodging and meals will be available at the regular Kenlake rates. A deposit of \$9.27 per person is required.

Interested persons may still obtain reservations for the symposium by contacting the park directly or by phoning the Information-Reservations office in Frankfort (223-2236).

Other special events weekends scheduled by the Parks Department are:

Duplicate Bridge, General Butler State Park, May 6-8.

Path-Son Sports Weekend, Pine Mountain State Park, Pineville, May 13-15.

Kentucky Kapers Square Dance Weekend, Cumberland Falls State Park, Corbin, May 20-22.

Pennycyle Invitational Golf Tournament, Pennycyle Forest State Park, Damon Springs, May 20-22.

Additional information may be obtained by telephoning the Central Reservations Office.

Two False Alarms Are Turned In

False alarms were answered by both the Murray Police and Fire Departments this morning.

The firemen were called at 10:30 a.m. to 203 North Cherry Street. Two trucks answered the call. No sign of any fire could be found, according to the firemen.

At about the same time the Police received a call to rush to 302 North First Street, but when the Police car arrived on the scene no disturbance of any kind could be found, according to the men who answered the call.

Mrs. Maggie Moore Dies In Paducah

Mrs. Maggie Mae Moore of Paducah, mother of Edison Moore of Murray, passed away Monday at 5:28 a.m. at the Lourdes Hospital at Paducah. She was 78 years and a member of the Shady Grove Baptist Church in Trigg County.

The deceased is survived by one daughter, Mrs. Edith McCarty of Paducah; two sons, Edison of Murray and Lucian of Central City; two brothers, Carlin and Arthur Moore of Oadiz; 14 grandchildren; 20 great grandchildren.

Funeral services will be held Wednesday at two p.m. at the Kennedy Funeral Home, Paducah, and burial will be in Maplelawn Cemetery.

Calloway Branch Of ACE Meets Monday

The Calloway County branch of the Association of Childhood Education will meet Monday, February 28, at the Murray State College elementary lab at four p.m.

A program on "Love" will be presented by the College ACE, Roger Neale is the president of this group and Miss Rubie Smith is the sponsor.

Mrs. Dulcie Douglas, president of the Calloway ACE, urges everyone interested in children up to age twelve to attend this meeting.

Miss Kathy Jackson Is Recuperating

Miss Kathy Jackson is now recuperating at her home after she was dismissed from St. Joseph Infirmary, Louisville, on Saturday. She will have to take therapy at Paducah for a while, but hopes to be able to re-enter Murray High School very soon.

The Murray girl is the daughter of Mr. and Mrs. Kenneth Jackson and is an eighth grade student at Murray High.

TUESDAY — FEBRUARY 22, 1966

UNIVERSITY REASONABLE

CERTAIN interests in Paducah have scoffed at the idea of Murray State College becoming a university. They can see no good reason why this move should be taken.

One of the latest denunciations is that the newly designated "Murray State University" wants to be a university only because it might then be in line for more state funds to take care of more expansion, brought about by its being elevated to university status.

This charge is hardly worth taking notice, especially since such great effort is being made to make Paducah Junior College part of the University of Kentucky satellite college system, a move which would elevate the standing of Paducah Junior College and most certainly place it in line to receive state aid.

We find no fault with Paducahans seeking to increase the role of Paducah Junior College in the field of education and to make such moves that will insure it not only greater status, but also more state funds for expansion purposes. With the continued expansion of the population we feel that every college and university will be needed in order to take care of the ever increasing number of students who seek an education.

By the same token we feel that the elevation of Murray State College to university status will benefit this entire end of the state, Paducah included.

Heretofore a person seeking a master's degree could only get the MA in education at Murray State, regardless of what he was majoring in. This, of itself, shows the necessity of the college becoming a university. A person who receives a bachelor's degree with a major in history would certainly like to get his master's degree in history, here at Murray State.

An MA in education would not reflect, in any way, what the individual's field is. It is for this reason that many people go to other schools in order to get a master's degree in their field. Consequently many graduate students are now lost to Murray State who would rather attend college here because it is their home, or at least nearer to home.

When Murray State becomes a university, the master's degree in several subjects can be obtained and the college, as a university, will be able to serve the people of Murray, Calloway County and Western Kentucky to a far greater degree.

We hope that the general assembly sees fit to push this bill on through and settle the issue at an early date.

A college must have at least five schools to become a university. Murray State has seven schools, the latest being the School of Nursing, for which a new building is now under construction.

The selfish attitude of the University of Kentucky has prevented the university status from becoming a reality for some years, but apparently this obstacle has been overcome and we can expect Murray State College to become Murray State University in the near future.

INVESTIGATION OVER

THE Senate Foreign Relations Committee investigation is about over, and for that we can all be thankful.

It started a month ago with Secretary of State Dean Rusk as the first witness and he was summoned to end the session.

Senator J. W. Fulbright, chairman, says he would like to question Vice-President Humphrey upon his return from Asia, but the President and Vice-President are not required to testify in any investigation. Secretary of Defense Robert McNamara refused to testify for security reasons, but General Maxwell D. Taylor testified, unofficially as a military advisor to President Johnson.

It is not surprising that Senator Wayne Morse exchanged verbal blows with General Taylor Thursday when he shouted that the American people will repudiate the war in South Vietnam and General Taylor replied: "That will be good news in Hanoi, Senator."

David Lawrence, New York Herald-Tribune columnist, regards the Senate investigation as unequal for and expresses the belief that it has encouraged enemies to continue the struggle under the belief that the people will actually refuse to support the war effort. Many Americans will share his view, that the hearing will cost the lives of many service men by prolonging the war.

Testimony before the Senate committee has revealed, far more confusion in the ranks of administration critics than uncertainty on the part of our leaders on how to proceed. We believe General Taylor's testimony has caused peace-lovers everywhere to have a renewed respect for our intentions in Asia and our reasons for being there since the Geneva Conference in 1954.

There have been few times in history when there was as much confusion and unrest as during the last two decades. It would be unreasonable, in fact unthinkable, that the United States could be expected to accomplish as much as it has without making mistakes here and there.

There has been an earnest effort made to correct them wherever they have occurred, even in the shambles of de-

BUSINESS HIGHLIGHTS

by United Press International
Today is Tuesday, Feb. 22, the 53rd day of 1966, with 312 to follow. Today is Washington's 294th birthday.

The moon is between its new phase and first quarter.

The morning star is Venus.

The evening star is Jupiter.

On this day in history:

In 1630, Massachusetts Bay colonists tested their first "Popped Corn" as friendly Indians shared their initial Thanksgiving dinner.

In 1879, the first "fire-eater" store, forerunner of the modern "five and ten", was opened in Utica, N.Y., by Frank Woolworth.

In 1941, 100 women of Miami, Fla., organized a "Charlie Nelson Brigade" to fight against begging, gypsies, and gamblers.

A thought for the day — George Washington: "Alas, God, we make our earnest prayer that thou wilt keep the United States in thy day protection."

FAVE DA YPOKECAST

LOUISVILLE 49 — The five-day Kentucky weather outlook, Thursday through Saturday, by the U.S. Weather Bureau:

Temperatures will average 4 to 8 degrees below the normal highs of 56 to 60 and normal lows of 35 to 38. It will continue generally cool through the week with major variations.

Lites or no precipitation is expected.

WASHINGTON — Grumman Aircraft Corp. of Bethpage, N. Y., has been awarded a \$4.1 billion contract to complete its work on the Apollo moon landing program. The award runs through 1969.

PALM SPRINGS, Calif. — Executive committee meeting of savings and loan associations and they have been warned by representatives of the Federal Home Loan Bank Board that their associations will be denied access to federal loan funds if they do not discontinue their interest in the gambling set by the board.

It takes about 65,000 blue cordons, which each year to satisfy the demands of FFA members throughout the nation.

WASHINGTON — The Civil Aeronautics Board CAB has granted permission to two U.S. airlines to begin flights to Mexico.

Both Northwest Orient Airlines and Pan American World Airways filed applications early in January after the U.S. and Japan amended their civil air transport agreement, permitting U.S. carriers to serve Osaka.

WASHINGTON — The Commerce Department says business inventories increased sharply in the final months of last year, perhaps reflecting fear of price inflation. Inventory accumulation in the last quarter of 1965 was at the seasonal rate of 1.6 percent, compared with 1.6 percent in the earlier quarters.

ATLANTA — Lockheed-Gear Corp. announced it intends to build a 500-passenger commercial airplane, version of the huge C-5A military transport plane, to sell for about \$16 million.

Lockheed's decision apparently was forced by the activities of Boeing and Douglas in seeking to sell their competitive designs for the C-5A, which were rejected by the military, to the international airlines.

WASHINGTON — The Commerce Department says business inventories increased sharply in the final months of last year, perhaps reflecting fear of price inflation. Inventory accumulation in the last quarter of 1965 was at the seasonal rate of 1.6 percent, compared with 1.6 percent in the earlier quarters.

ATLANTA — Lockheed-Gear Corp. announced it intends to build a 500-passenger commercial airplane, version of the huge C-5A military transport plane, to sell for about \$16 million.

Lockheed's decision apparently was forced by the activities of Boeing and Douglas in seeking to sell their competitive designs for the C-5A, which were rejected by the military, to the international airlines.

WASHINGTON — The Civil Aeronautics Board CAB has granted permission to two U.S. airlines to begin flights to Mexico.

Both Northwest Orient Airlines and Pan American World Airways filed applications early in January after the U.S. and Japan amended their civil air transport agreement, permitting U.S. carriers to serve Osaka.

Veterans NEWS

Q — When I purchased my home through a GI loan, I was told that my monthly payments would be a certain amount. Now my mortgage company has notified me of an increase in my monthly payments. Why?

A — In most cases, monthly payments are made up of principal and interest and a monthly deposit for payment of taxes and insurance premiums. The principal and interest portion of your payment will not change through the life of the loan. However, the monthly deposit to pay taxes and insurance may increase or decrease depending upon whether your real estate tax or hazard insurance premium is increased or decreased.

Q — Could you please tell me about Orphan's Education Assistance?

A — I am a veteran with a 30% service-connected disability and I have two sons who are 18 and 13 years old. I would like to know if they are eligible for educational assistance from the Veterans Administration?

A — In order for the children of a living veteran to be eligible for benefits under the War Orphan's Education Assistance Program, the veteran must be permanently and totally disabled and rated 100% service-connected disability. Should your disability become worse, you should check with the VA regional office.

Q — I was hospitalized for one month in 1964 at a VA hospital. Upon being discharged from the hospital, I applied for a disability, but after an examination I was rated at 50% per cent disability. Would it be too late to apply for a re-examination, as I have since been hospitalized for the same ailment?

A — If you have additional medical evidence to present, you may apply again to the VA for reconsideration of your condition.

FOGGY PARS

PARIS 49 — For closed Paris's two airports — Orly and Le Bourget — Friday morning, delaying outgoing flights. Overseas flights were diverted to London. Tours to Lyons or overland France to their next stop.

U. S. coins go back 175 years, a little more than that if you consider our colonial coinage. That is a lot of time and a lot of coins. But the collector of European coins can start his collection with coins over 1000 years old. He goes back to the beginnings of coins of the continent.

It was Pepin (714-68 AD), first of the Carolingian dynasty, who really fathered European coinage. Pepin moved out of France into Italy, Bavaria and other lands.

Murray Racers Stopped 94 - 83; Mcpherson High

Another loss was marked in a contest the Murray State College Thunderbolts lost to the McPherson High School Thunderbolts at the local trackhouse.

McPherson was a hybrid mix of the fast half and the slow half. The fast half was a little more than the slow half and was about 40 at the half. It was the slow half that was the problem for the Racers in this loss.

The Racers were a little better in the second half and with about 10 minutes to go, they were leading 10-0. The slow half was the problem for the Racers in this loss.

The Racers were a little better in the second half and with about 10 minutes to go, they were leading 10-0. The slow half was the problem for the Racers in this loss.

South Marshall Sits Out First Night, Tourney

By GALE GARRISON
Would you believe that this stupid typewriter of mine made a mistake and said that Benton drew the bye in the district drawing, instead of South Marshall? Well, then, would you believe that I made the mistake? Anyway, South Marshall is the team that gets to set out the first night in the lower bracket, not Benton. Wanted to get the records straight before I got run out of town.

I may survive. Some people disagree with me that on the way that the district changes should be devised, perhaps I should tell a little more.

As I stated in yesterday's paper, South Marshall was not to play any other team in their district. Two regular season games, just like in the O. V. C. or the S. E. C. These games and these games only would count toward the championship.

This would also, the chance of a weak team that might hook in to a win from the regional.

The instance, South only has to win one game to go to the regional, and I don't believe that they are the best team, even from the lower bracket. I believe that Benton is better than South. But no matter who is best, it is fair for a team to win only one game and go to the regional, even though they have had a better season, or close to it.

Murray High and Calloway have the best record, and it seems to me that they should represent us in the regional.

There are some people who say that a lot of the teams don't reach their peak until late in the season, and that it wouldn't be fair to them. They could play half of the district games at the first of the season and half at the end of the season.

Then others say that the district tournament is a big money maker. This I will agree to, the money does pour in at tournament time, but if the regular season games meant more, then there would be a lot better attendance at those games.

Also you could still hold your

NEW WORLD RECORD—Stunt drivers Joe Chitwood and Al Cross are at the wheels in this careening spin around the 2 1/4-mile track at Daytona Beach, Fla. But they didn't make it—at a mile and a half the tires gave out. A new world closed course record, however.

Calloway Loses To Fulton; Key Hits 20

Stan Key hit for 20 points for Calloway County High School Lakers last night, but Calloway still lost the basketball game to Fulton played there last night.

Calloway had the lead by two points when the first quarter ended, but Fulton came from behind to hold the margin at the close of the second and third quarters.

High score man for the night was Lloyd Bone of Fulton who hit for 21 points. Key hit for his high score for Calloway. Next in line for Calloway was Kelly with 10 points.

Fulton 57 — Calloway 51.
Fulton (57) — Armstrong 9.

Gargus 8, Riddle 7, Bone 21, Stephens 1, Foster 11.
Calloway C. (51) — Sliger 6, Kelly 10, Dommon 6, Key 20, Armstrong 7, Hargrove 2.

APPROVE PEACE

NEW DELHI 22 — The Indian parliament Monday approved the Tashkent peace agreement between India and Pakistan.

The agreement calls for withdrawal of troops from disputed areas of Kashmir and the gradual restoration of normal relations along the border. The troops are to be pulled back to positions both sides held before hostilities broke out last fall.

The agreement was reached earlier this year when the Soviet Union brought the warring sides together in the central Russian city.

PRINCESS ON TV
GENEVA 22 — Princess Grace of Monaco flew here Monday to take part in a Canadian television film on the activities of the International Red Cross. She will be the on-camera commentator in the hour-long film.

Western Cinches OVC Last Night; Goes To NCAA

Western Kentucky has sewed up the Ohio Valley Conference title with an 11-0 league record and is now looking forward to the NCAA tournament and a possible showdown with top-ranked Kentucky.

The Hilltoppers defeated Eastern Kentucky 72-67 at Bowling Green Monday night to run their season record to 20-2.

Western will represent the OVC in the NCAA regionals and probably will meet Dayton in the first round. Of the Toppers two losses, one was a mauling at the hands of the Flyers at Dayton, 77-57. The other was by three points at Vanderbilt, 72-69.

A victory in the first round would vault Western into the Midwest Regionals where Kentucky will probably represent the Southeastern Conference.

Western jumped off to a 9-0 lead over Eastern in the opening minutes but had to battle the rest of the way.

Eastern closed the gap to one point several times. Dwight Smith and Wayne Chapman led Western with 18 points each. Glen The Gen Haskins had 16.

Eddie Bodkin was tops for the Maroons with 17 points. In something of an upset, Morehead blasted Murray 94-83 at Murray in another OVC contest.

Murray led 43-39 at halftime but couldn't stand prosper. Charles Adams paced Morehead with 24 points. Herb McPherson's 21 was high for the Thunderbolts. Bellarmine ran away from Centre 96-77 at Danville Monday night after a 46-46 halftime deadlock.

Bob Alborn was high for the Knights with 21 points, while Mike Marks drilled in a game high 22 points in a losing effort.

In the only other game involving a Kentucky team Monday night, Kentucky State overcame a 37-36

Another loss was marked in a contest the Murray State College Thunderbolts lost to the McPherson High School Thunderbolts at the local trackhouse.

McPherson was a hybrid mix of the fast half and the slow half. The fast half was a little more than the slow half and was about 40 at the half. It was the slow half that was the problem for the Racers in this loss.

UNIVERSITY REASONABLE

CERTAIN interests in Paducah have scoffed at the idea of Murray State College becoming a university. They can see no good reason why this move should be taken.

One of the latest denunciations is that the newly designated "Murray State University" wants to be a university only because it might then be in line for more state funds to take care of more expansion, brought about by its being elevated to university status.

This charge is hardly worth taking notice, especially since such great effort is being made to make Paducah Junior College part of the University of Kentucky satellite college system, a move which would elevate the standing of Paducah Junior College and most certainly place it in line to receive state aid.

We find no fault with Paducahans seeking to increase the role of Paducah Junior College in the field of education and to make such moves that will insure it not only greater status, but also more state funds for expansion purposes. With the continued expansion of the population we feel that every college and university will be needed in order to take care of the ever increasing number of students who seek an education.

By the same token we feel that the elevation of Murray State College to university status will benefit this entire end of the state, Paducah included.

Heretofore a person seeking a master's degree could only get the MA in education at Murray State, regardless of what he was majoring in. This, of itself, shows the necessity of the college becoming a university. A person who receives a bachelor's degree with a major in history would certainly like to get his master's degree in history, here at Murray State.

An MA in education would not reflect, in any way, what the individual's field is. It is for this reason that many people go to other schools in order to get a master's degree in their field. Consequently many graduate students are now lost to Murray State who would rather attend college here because it is their home, or at least nearer to home.

When Murray State becomes a university, the master's degree in several subjects can be obtained and the college, as a university, will be able to serve the people of Murray, Calloway County and Western Kentucky to a far greater degree.

We hope that the general assembly sees fit to push this bill on through and settle the issue at an early date.

A college must have at least five schools to become a university. Murray State has seven schools, the latest being the School of Nursing, for which a new building is now under construction.

The selfish attitude of the University of Kentucky has prevented the university status from becoming a reality for some years, but apparently this obstacle has been overcome and we can expect Murray State College to become Murray State University in the near future.

INVESTIGATION OVER

THE Senate Foreign Relations Committee investigation is about over, and for that we can all be thankful.

It started a month ago with Secretary of State Dean Rusk as the first witness and he was summoned to end the session.

Senator J. W. Fulbright, chairman, says he would like to question Vice-President Humphrey upon his return from Asia, but the President and Vice-President are not required to testify in any investigation. Secretary of Defense Robert McNamara refused to testify for security reasons, but General Maxwell D. Taylor testified unofficially as a military advisor to President Johnson.

It is not surprising that Senator Wayne Morse exchanged verbal blows with General Taylor Thursday when he shouted that the American people will repudiate the war in South Vietnam and General Taylor replied: "That will be good news in Hanoi, Senator."

David Lawrence, New York Herald-Tribune columnist, regards the Senate investigation as uncalled for and expresses the belief that it has encouraged enemies to continue the struggle under the belief that the people will actually refuse to support the war effort. Many Americans will share his view that the hearing will cost the lives of many service men by prolonging the war.

Testimony before the Senate committee has revealed far more confusion in the ranks of administration critics than uncertainty on the part of our leaders on how to proceed. We believe General Taylor's testimony has caused peace-lovers everywhere to have a renewed respect for our intentions in Asia and our reasons for being there since the Geneva Conference in 1954.

There have been few times in history when there was as much confusion and unrest as during the last two decades. It would be unreasonable, in fact unthinkable, that the United States could be expected to accomplish as much as it has without making mistakes here and there.

There has been an earnest effort made to correct them wherever they have occurred, even in the shambles of de-

The Rest of News

The Almanac

by United Press International.
Today is Tuesday, Feb. 22, the 53rd day of 1966, with 333 to follow. Today is Washington's 234th birthday.

The moon is between its new phase and first-quarter.

The morning star is Venus.

The evening star is Jupiter.

On this day in history:

In 1630, Massachusetts Bay colonists tested their first "Popped Corn."

On Feb. 22, 1849, Indiana signed its first constitution.

In 1970, the first "five-cent" store, forerunner of the modern "five and ten," was opened in U.S.A. by Frank Woolworth.

In 1941, the women of Miami, Fla., organized a "Carra, basket" to fight against housing discrimination.

A thought for the day — George Washington: "Alas, we must keep the United States in the new protection."

WASHINGTON — The Civil Aeronautics Board has granted permission to two U.S. airlines to fly to Osaka.

Both Northwest-Orient airlines and Pan American World Airways filed applications early in January seeking permission. The airlines filed after the U.S. and Japan, an agreement, permitting U.S. carriers to serve Osaka.

WASHINGTON — The Commerce Department says business inventory increased sharply in the final month of last year, pointing to a recovery from price inflation. Inventory accumulation in the last quarter of 1965 was at the seasonal rate of 1.1 percent compared with 0.8 percent in the earlier quarters.

Veterans NEWS

Q — When I purchased my home through a GI loan, I was told that my monthly payments would be a certain amount. Now my mortgage company has notified me of an increase in my monthly payments. Why?

A — In most cases, monthly payments are made up of principal and interest and a monthly deposit for payment of taxes and hazard insurance premiums. The principal and interest portion of your payment will not change through the life of the loan. However, the monthly deposit to pay taxes and insurance may increase or decrease depending upon whether your real estate tax or hazard insurance premium is increased or decreased.

Q — Could you please tell me about Orphanus Education Assistance? I am a veteran with a 30% service-connected disability and I have two sons, who are 18 and 19 years old. I would like to know if they are eligible for educational assistance from the Veterans Administration?

A — In order for the children of a living veteran to be eligible for benefits under the War Orphan Education Assistance Program, the veteran must be permanently and totally disabled and have been discharged from the service on or after September 8, 1914, and before September 16, 1917.

Q — I was hospitalized for one month in 1964 at a VA hospital. Upon being discharged from the hospital, I applied for a disability benefit under the VA regional office. I was rated at zero percent disability. Would it be too late to apply for a re-examination, as I have since been hospitalized for the same ailment?

A — If you have additional medical evidence to present, you may apply again to the VA for reconsideration of your condition.

FOGGY PARS

PARIS 22 — Fog closed Paris' two airports — Orly and Le Bourget — Friday morning, delaying outgoing flights. Overseas flights were diverted to London. Tours or Lyons or overfly France to their next stop.

U.S. coins go back 175 years, a little more than that if you consider our colonial coinage. That is a lot of time and a lot of coins. But the collector of European coins can start his collection with coins over 1000 years old. He goes back to the beginnings of coins, the continent.

It was Pepin, (714-768 AD), first of the Carolingian dynasty, who really fathered European coinage. Pepin moved out of France into Italy, Bavaria and other lands.

Then, too, we have become a nation of world travelers. Thousands of Americans take off each month for trips to Europe and their interests have widened as a result.

Finally, the debasing of our own coins has made many collectors wonder what the coins of other nations look like. (Illustration shows a French 5-Franc coin.)

Excitement.

Murray Racers Stopped 94-83; Mcpherson High

Another loss was marked in a district basketball game as the Murray Racers stopped the McPherson High team 94-83 in an Ohio Valley Conference basketball game played at the local gymnasium.

McPherson was behind most of the first half but in the last minutes lost a little more than minutes left and were ahead 49-50 at the half. Murray led 59-51 at the end of the first half.

The Racers' home team had a lead of 10 points at the end of the first half and led 59-49 at the end of the first half.

The Racers' home team had a lead of 10 points at the end of the first half and led 59-49 at the end of the first half.

South Marshall Sits Out First Night, Tourney

By GALE GARRISON
Would you believe that this stupid typewriter of mine made a mistake and said that Benton drew the bye in the district drawing, instead of South Marshall? Well then, would you believe that I made the mistake? Anyway, South Marshall is the team that gets to sit out the first night in the lower bracket, not Benton. Wanted to get the records straight before I got run out of town.

I may anyway. Some people disagree with me that on the way that the district chances should be decided, perhaps I should tell a little more.

As I stated in yesterday's paper each team would be required to play every other team in their district two winter season games, but like in the O. V. C. or the S. E. C. These games and these games only would count toward the championship.

This would stop the chance of a weak team that might back in to a win, from going to the regional. For instance, South only has to win one game to go to the regional, and I don't believe that they are the best team, even from the lower bracket. I believe that Benton is better than South. But no matter who is best, it is fair for a team to win only one game and go to the regional, even though they have had a better season, or close to it.

Murray High and Calloway have the best record, and it seems to me that they should represent us in the regional.

There are some people who say that a lot of the teams don't reach their peak until late in the season, and that it wouldn't be fair to them. They could play half of the district games at the first of the season and half at the end of the season.

Then others say that the district tournament is a big money maker. This I will agree to, the money does pour in at tourney time, but if the regular season games meant more, then there be a lot better attendance at those games.

Also you could still hold your

NEW WORLD RECORD—Stunt drivers Joe Chitwood and Al Gross are at the wheels in this careening spin around the 2 1/4-mile track at Daytona Beach, Fla. But they didn't make it—at a mile and a half the tires gave out. A new world closed course record, however.

Calloway Loses To Fulton; Key Hits 20

Stan Key hit for 20 points for Calloway County High School Lakers last night, but Calloway still lost the basketball game to Fulton played there last night.

Calloway had the lead by two points when the first quarter ended, but Fulton came from behind to hold the margin at the close of the second and third quarters.

High score man for the night was Lloyd Bone of Fulton who hit for 21 points. Key hit for his high score for Calloway. Next in line for Calloway was Kelly with 19 points.

Fulton — 22 29 38 — 57
Calloway Co. — 14 23 30 — 51
FULTON (57) — Armstrong 9,

Gaugus 8, Ruddle 7, Bone 21, Stephens 1, Foster 11.
CALLOWAY C. (51) — Slinger 6, Kelly 10, Donahoe 6, Key 20, Armstrong 7, Hargrove 2.

APPROVE PEACE
NEW DELHI 478 — The Indian parliament Monday approved the Tashkent peace agreement between India and Pakistan.

The agreement calls for withdrawing of troops from disputed areas of Kashmir and the gradual restoration of normal relations along the border. The troops are to be pulled back to positions both sides held before hostilities broke out last fall.

The agreement was reached earlier this year when the Soviet Union brought the warring sides together in the central Russian city.

PRINCESS ON TV
GENEVA 478 — Princess Grace of Monaco flew here Monday to take part in a Canadian television film on the activities of the International Red Cross. She will be the on-camera commentator in the hour-long film.

Western Cinches OVC Last Night; Goes To NCAA

Western Kentucky has served up the Ohio Valley Conference title with an 11-0 league record and is now looking forward to the NCAA tournament and a possible showdown with top-ranked Kentucky.

The Hilltoppers defeated Eastern Kentucky 72-67 at Bowling Green Monday night to run their season record to 20-2.

Western will represent the OVC in the NCAA regionals and probably will meet Dayton in the first round. Of the Toppers two losses, one was a meeting at the hands of the Flyers at Dayton, 77-57. The other was by three points at Vanderbilt, 72-69.

A victory in the first round would send Western into the Midwest Regionals where Kentucky will probably represent the Southeastern Conference.

Western jumped off to a 9-0 lead over Eastern in the opening minutes but had to battle the rest of the way.

Eastern closed the gap to one point several times. Dwight Smith said Wayne Chapman led Western with 18 points each. Glen The Gen Harding had 16.

Eddie Bodkin was tops for the Maroons with 17 points. In something of an upset, Morehead blasted Murray 94-83 at Murray in another OVC contest.

Murray led 43-39 at halftime but couldn't stand prosperity. Charles Adams paced Morehead with 24 points. Herb McPherson's 21 was high for the Thoroughbreds. Belknap ran away from Centre 66-77 at Danville Monday night after a 46-46 halftime deadlock.

Bob Albers was high for the Knights with 21 points, while Mike Marks drilled in a game high 22 points in a losing effort. In the only other game involving a Kentucky team Monday night, Kentucky State overcame a 37-36

halftime deficit to rip Tennessee State 66-61.

The first round of the Kentucky Intercollegiate Athletic Association Tournament gets underway tonight with Campbellsville traveling to Pikeville and Berea visiting Cumberland.

In the only other game tonight Kentucky Wesleyan treks to Kentucky State.

Located on paved street with city limits, priced to sell. James

WHAT'S GOING ON HERE

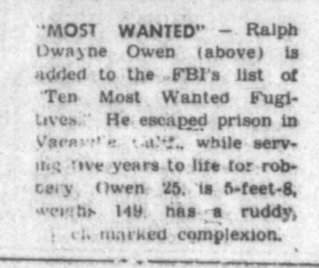

Governor Breathitt has proclaimed "March Hog Month" in Kentucky, and several activities are planned as a part of this annual observance. The Governor signed the proclamation during the recent "March Hog Month Kick-Off Breakfast" held in Frankfort.

A new project is being conducted this year by the Kentucky Poultry Federation. This is a cooking contest for wives of members of the Kentucky Young Farmers Association. The event will be held in conjunction with the annual KYFA banquet sponsored each year by the Kentucky HCCC.

Seven district headquarters are planned. At each one, wives of the KYFA members, or YFAettes as they are called, will be asked to enter a prepared food item in the contest. These will be judged with a first and second place prize being given. The two winners from each of the seven districts will compete in a state contest which is to be held in the latter part of April. The top prize for winning at the district level is a weekend trip to a State park for the winner's family.

At the state level, the first place winner will receive \$150 in savings bonds, with the second place winner getting a \$100 bond. A \$50 bond will be awarded the third place winner, with each of the other contestants receiving a \$25 bond. All contestants at both the district and state levels will receive party capitation awards.

The seven district meetings are as follows: Feb. 21, Northeast, Oak Grove Lodge, Shelby County; Feb. 24, South Bluegrass, Broadhead High School, Rockcastle County; March 16, South Central, Bowling

"MOST WANTED" — Ralph Owen (above) is added to the FBI's list of Ten Most Wanted Fugitives. He escaped prison in Vermont's state, while serving five years to life for robbery. Owen, 25, is 5-foot-8, weighs 145, has a ruddy, dark complexion.

Green; March 22, North Central, Elizabethtown; March 24, North Bluegrass, Woodford County High School, Versailles; March 25, West Kentucky and Purchase, Lyon County High School; and April 7, Cumberland, Pulaski County Elementary School, Somerset.

I expect this to be an outstanding and exciting event, with some very tasty dishes being prepared by the YFAettes. Too, I think all the co-operating groups are to be commended for initiating this promotional program for the egg industry.

The annual Kentucky National Pooled Hereford Show and Sale is scheduled for February 26 at the Kentucky Fair and Exposition Center. Preliminary activities, including a banquet, will be held on February 25 at the Executive Inn.

Sponsored by the Department of Agriculture in cooperation with the Kentucky Pooled Hereford Breeders Association, the show will offer \$6,000 in premiums and awards. Entries in the show and sale include animals from some of the top Pooled Hereford herds in the Nation. Each animal consigned to the sale has not rigid breed standards. Breeders from throughout the country have cited this as one of the top breed activities of the year. They recognize it as a dependable source of high quality breeding stock.

SIKORSKY HONORED

NEW YORK (AP) — Igor Sikorsky, developer of the helicopter, will be named "man of the year" tonight at the third annual Air Force Salute. Sikorsky will be presented with a bronze eagle by the Iron Gate chapter of the Air Force Association. Air Base Secretary Harold Brown is expected to attend the ceremonies.

HOCKEY SHUTOUTS

OTTAWA, Ont. (AP) — Goals Alex O'Neill of the Ottawa Senators, then in the National Hockey League, scored six straight shutouts during the 1927-28 season.

A "FLYING SAUCER" cloud hovers weirdly over 14,000-foot Mt. Shasta in California, a not uncommon phenomenon at this time of year. They are called lenticular clouds. The old-timers and Indians believe such a cloud omens three days of storm.

FAIN MARS VISIT

ST. JOHN'S, Antigua, Leeward Islands (AP) — Unseasonable rain Sunday marred the arrival of Queen Elizabeth II on Antigua, latest call on her tour of the British West Indies.

The rain held off as the Queen drove with Prince Philip in an open red sedan through cheering crowds after arriving from Montserrat, a board the royal yacht Britannia.

MINE DETONATED

GREATYARMOUTH, England (AP) — Army bomb disposal experts Sunday night exploded a World War II beach mine found at this east coast fishing port. The British mine was laid on the beach during the war because of fears of a German invasion.

SEEN & HEARD

(Continued From Page One)

He ends his talk by saying that it is his belief that this nation is going back to its early beliefs in such things as ideals, pride, patriotism, loyalty, devotion, and even hard work.

We have a new set of heroes in O'Brien, Orison, Sheppard, Carpenter, Cooper and Schirra.

"These kids apparently lived too far from the big cities and grew up to be squares. For who but a square would volunteer his life for his country's good? They are not even ashamed of their feelings."

Thanks Mr. Brower for those words. We do need a re-evaluation of our ideals, our purposes, and our thinking, and our values. We need to place the emphasis on true values, and off the shallow, hot-air type of thinking so prevalent today.

Thanks to Jim Garrison for guiding this epistle in our direction.

NEW WORKSHOPS SET

WASHINGTON (AP) — Republican chairmen from 35 cities around the nation have been invited to the second of three "big city workshops" to be held here March 4-5 under the auspices of the GOP National Committee.

The session is being held to plan strategy for capturing the big city vote in the November elections. The first was held here Jan. 24-25.

AMPUTEE TRAPPED

BEATRICE, Neb. (AP) — An elderly man who recently had both feet amputated died Sunday when flames trapped him in his second floor bedroom.

Perkins Bill Would Bring Added Aid To Libraries

Libraries and Bookmobiles in four new Library Demonstrations in Kentucky will receive the biggest boost in the state's history, if the new, amended Library Services and Construction Act introduced in the House by Carl Perkins Tuesday, January 18, passes the Congress.

The present Library Services and Construction Act terminates July 1, 1966. It has been providing \$25 million for improvement of Library services and \$30 million for construction or remodeling of Library buildings for each of the fiscal years 1965 and 1966. This Act has provided \$425,000 for services and \$510,000 for construction for each year in Kentucky. Funds have been administered under a State Plan submitted to the U. S. Department of Health, Education and Welfare by the Kentucky Department of Libraries. Funds were added to state appropriations to develop 14 Regional Library Systems and the nucleus of two more which included 81 libraries in 71 counties. Other programs were the provision of 103 Bookmobiles, and the starting of

Although much has been done in Kentucky, more still needs to be done, said Carl Perkins, due to the great technological changes and information explosion now taking place.

All Libraries need to be improved greatly, but 49 counties still have not received help from the present Act. Almost all Libraries need new Library buildings; 10 counties still have no Library service, and almost 20 counties have no Bookmobile service.

The new Perkins version of the Library Services and Construction

Act would increase federal aid for Library services to \$60 million, for Library construction to \$75 million in fiscal 1967, with regular increases thereafter for five years.

An additional section authorizes additional help for cooperative projects between agencies.

The new bill introduces a new philosophy of permanent, ongoing federal aid for Library services but would terminate all aid for Library construction in five years.

The bill was referred to the House Committee on Education and Labor, of which Carl Perkins, the sponsor, is a member.

"The possibilities under this bill are enormous," said Margaret Willis, State Librarian. Not only can counties without Library service receive aid, but those now making real efforts to participate in Regional Library Systems can be upgraded to a considerable degree. The whole climate of self-education in Kentucky through good Library and Bookmobile service can be brightened, if Carl Perkins' bill is passed by the Congress. Kentucky now has sufficient "know-how" to advance quickly by using the funds wisely.

Only a few years ago, this use would not have been possible.

EYE TROUBLE

LA ROCHELLE, France (AP) — Oculist Georges Denis could hardly believe his eyes when he stepped out of his house Sunday. The white car he parked outside the previous night now was black—a perfect paint job. Now Denis is trying to find out which of his neighbors was busy with a paint-spray during the night.

Because of the porous wall, African violets grow best in red clay pots. Electric eels are immune to each other's current, says the Miami, Fla., Seaquarium's Capt. Ed Gray.
